MAINTENANCE and CARE: As with any equipment, proper and periodic maintenance is necessary to ensure longevity of the product and customer satisfaction. Full maintenance and care instructions for each product can be found on our website at www.emuamericas.com. To ensure you get the most out of your investment, please follow our recommended maintenance and care instructions. We recommend that the products be examined every 30 days. Items requiring adjustments, showing any sign of structural failure, that have missing hardware or that show any cracks at the welds should be taken out of service immediately until repaired. Loose screws should be tightened as required and missing or worn out foot caps must be replaced. Replacement parts may be ordered at www.emuamericasparts.com. Furniture should be handled with care. When chairs are stacked, the stack should not be dragged. Stackable chairs should not be dropped or slammed down when being un-stacked. People should not rock backwards or stand on any emuamericas' item. For storage, all furniture should be stored neatly, stacked to suggested height, and packed in a clean and dry area. Tables should not be stacked. Cushions that are stored for longer periods of time should be stored in a dry ventilated area. NOTE: Product failure caused by a lack of reasonable and necessary care and maintenance is not covered under warranty. Warranty may be voided if proper maintenance or care is not followed.
